

Press Release

THE MANOR, NEW DELHI

Delhi's Finest Boutique Hotel

The Manor (an Old World Hospitality Hotel) is a unique luxury hotel set in a lush landscaped garden in Friends Colony. The hotel lays emphasis on quality and understated elegance. The chic, yet classic design, contrasts cool Italian mosaic flooring with warm, rich wood paneling in the public areas and houses some of the most comfortable rooms and suites in New Delhi. With the aim of taking stress out of travel in an unfamiliar territory, it was developed as a small country hotel in the 1950s and has turned into an oasis in the centre of the sprawling bustling capital.

The restaurant at The Manor, **Indian Accent** has recently been awarded the Vir Sanghvi award for the **Best Indian Restaurant (modern)**.

The restaurant's path-breaking contemporary Indian menu has been designed by **Chef Manish Mehrotra**, Old World Hospitality's Executive Chef – Pan Asian Cuisine. Manish heads the kitchens of Oriental Octopus (New Delhi & Noida) and Tamarai (London). Manish's creativity is showcased by the unique amalgamation of the freshest local produce combining home style nostalgic tastes with unusual ingredients from across the world. The result is a menu that we hope will excite the adventurous yet satisfy traditional palates.

This is Indian food for the twenty first century with a unique marriage of global ingredients and techniques with the flavours and traditions of India. Some of the dishes on the menu include *Tandoori Foie Gras, Organic Kegg Egg Fritters, Tadka Summer Vegetables, Ash Roast Sweet Potato, Achaari New Zealand Lamb Shank, and Fresh Sugarcane.*

To compliment the cuisine, a comprehensive wine list has been developed. Five half glasses of wines paired with Chef's tasting menu are the pièce de résistance of Indian Accent and offer incredible value for money.

Indian Accent has opted for that rare interior in today's times – a comfortable, no nonsense dining room. Overlooking the cool verandah and the lush lawn, the restaurant has a private dining room and a bar with a stunning onyx counter. Two gigantic silver *diya* trees of life also provide an Indian Accent to the otherwise contemporary décor. With marigold and frangipani flowers as omnipresent *leitmotifs*, the restaurant welcomes you on a unique culinary journey.

You can enjoy a lazy breakfast or brunch, lunch, high tea, dinner and late night coffee and desserts at Indian Accent.
